- ✓ Safe for bees and around pets.
- ✓ Formulation contains natural oil (patent pending).

*Source: GfK garden care UK sales date 52 weeks, Sept. 2022.

WHEN TO USE:

From early spring to late summer, apply every 2 weeks directly on the leaves. The frequency of application is key to achieve optimal plant protection and barrier resistance to pests. Spray in calm conditions, avoiding bright sunlight, drought and frosts. Do not use during high temperature (above 25°C).

WHERE TO USE:

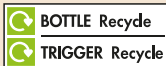

PLANTS: Outdoor plants such as roses, shrubs and other ornamental plants. Some plants may be sensitive to oils. It is always advisable to test on one small area of your plant and leave it for a few days before full treatment. Do not spray directly onto blooms.
PROTECTS AGAINST DISEASES: Including rust, fungi and black spot.

HOW TO USE:

1. SHAKE WELL BEFORE USE.
2. To open the spray, twist nozzle to spray position. 1/4 turn right for the wide spray.
3. Spray thoroughly to wet upper and lower surfaces of leaves. Turn nozzle to 'Stop' position after use.

STORAGE & ADVICE:

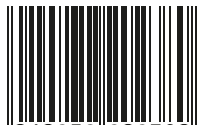

- + Wash hands after use and wash splashes from skin.
- + We recommend using gloves when gardening.
- + Store out of direct sunlight, in a cool dry place between 5°C and 35°C.
- + Keep out of reach of children.
- + Contains 1,2 benzisothiazolin-3-on. May produce an allergic reaction.
