WHY USE MIRACLE-GRO[®] AUTUMN LAWN CARE?

To protect your lawn from the harsh winter conditions, this high potassium formula strengthens and toughens the lawn by stimulating healthy root growth, creating a resilient lawn throughout the winter. The addition of iron will control the moss and the nitrogen will help green the lawn in 7 days.

INSTRUCTIONS FOR USE

FOR USE ONLY AS A HOME GARDEN LAWN TREATMENT.
Read all safety instructions before use.

WHEN TO USE

- Do not use during prolonged dry periods, frosty conditions, when heavy rain is imminent or on a windy day to avoid drift onto nearby plants and borders.
- Only apply to new lawns once the lawn is established (usually after 3 months).
- Use between September and mid November.
- Apply when the weather is fair, the soil is damp, the grass is dry and frost free.

HOW TO USE

FOR BEST RESULTS WE RECOMMEND USING A MIRACLE-GRO[®] SPREADER for simple and accurate application.

Miracle-Gro[®] Drop Spreader Setting 4.5 (2 passes)
Miracle-Gro[®] Rotary Spreader Setting 27 (1 pass)

FOR SMALLER LAWNS, USE WITH OUR MIRACLE-GRO[®] HAND HELD SPREADER.

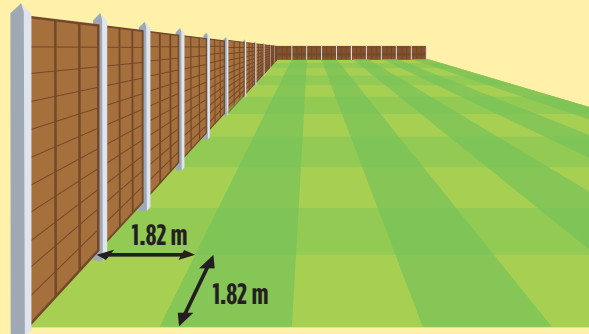

APPLY BY HAND - ALWAYS WEAR GLOVES

- Apply at a rate of 35 g/m². For a visual guide to the correct application rate, first spread the recommended amount over a small measured area.
- Areas for treatment must be marked out to ensure even application.

HOW MUCH TO USE

35 g MAX per 1 m²

- Maximum individual dose: 35 g/m².
- Maximum 2 applications per year.
- This pack treats 360 m² (18 m x 20 m).
- To determine the size of your lawn multiply the length by the width in metres. Alternatively a lawn with 10 x 11 standard fence panels (1.82 m width), will cover approx 360 m².

All sizes are approximate

AFTER USE & PRECAUTIONS

- If no rains falls within 2 days, water the lawn thoroughly so that the lawn treatment starts to work.
- Children and pets can use the lawn once the granules have been watered in and dried.
- Rake through vigorously to remove dead moss after 2 weeks. Blackening of any grass is temporary, the grass will then reestablish.
- If there is heavy infestation of moss, it may need a repeat treatment after 6 weeks.
- MOWING:** Avoid mowing 2-3 days before and after application.
- AERATING:** Spike your lawn to aerate the soil and allow water to penetrate easily.
- STAINING:** Do not walk on treated areas until it has rained or been watered in and dried. Avoid contact with clothes, tarmac driveways, paving slabs, decking and kitchen floors since iron sulphate can cause stubborn brown stains. Sweep up any spillages immediately and dispose of safely.
- Do not allow the granules to contact foliage of neighbouring vegetation.

ALL YEAR ROUND LAWN CARE brought to you by Miracle-Gro[®]

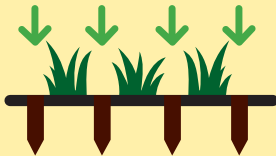

PREPARING FOR AUTUMN & WINTER

Alongside your Miracle-Gro[®] Autumn Lawn Care application:

Aerate the lawn (also known as spiking). This will relieve compaction in well used areas of the lawn. Air, nutrients and water can now enter the soil. At this stage we recommend applying lawn dressing.

New deeper roots give increased lawn density in 6-8 weeks.

SPRING TO ACTION

To give your lawn the best start:

Apply Miracle-Gro[®] Complete 4 in 1 to remove weeds/moss and green the lawn. Rake out moss once blackened and remove thatch.

SUMMER MAINTENANCE

To maintain a healthy lawn:

Use a **Miracle-Gro[®] Lawn Food**.
Mow regularly. Water, especially in dry spells.

WARNING

UFI: K7V1-XV2F-W00U-9K7J

Miracle-Gro[®] Autumn Lawn Care

Causes serious eye irritation.

Contains nickel sulfate. May produce an allergic reaction.

TO AVOID RISKS TO HUMAN HEALTH AND THE ENVIRONMENT, COMPLY WITH THE INSTRUCTIONS FOR USE.

Read label before use. Keep out of reach of children. If medical advice is needed, have product container or label at hand. Wear protective eye/face protection. Wash hands thoroughly after handling. Do not breathe dust. Do not eat, drink or smoke when using this product. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
