

Miracle-Gro®

PEAT FREE

PREMIUM Bulb Fibre Compost

ROOTED IN SCIENCE

BULB FIBRE FORMULA

Contains a unique texture that encourages fast root growth and helps bulbs replenish themselves and flower again next season.

CONTAINS CONTINUOUS RELEASE PLANT FOOD

14 VITAL NUTRIENTS

This compost contains a careful balance of 14 vital nutrients that help your plants to grow strong and healthy - including nitrogen for green growth, phosphorus for healthy roots and potassium to give great flowers and fruiting.

FIBRE SMART™ TECHNOLOGY

Fibre Smart™ technology creates woodfibres that are infused with organic nitrogen and ensure your plants have the perfect balance of air and water to grow strong roots.

HOW TO USE

CONTAINERS & POTS: OUTDOORS

ALWAYS WEAR GLOVES

Partly fill container with compost.

Firmly place bulbs in compost ensuring the **bulbs do not touch each other** or the container.

Fill the container with more compost, to **twice the depth of the bulb**.

Water thoroughly and place outside for flowering in spring.

CONTAINERS & POTS: INDOORS

Place containers in a frost-free, cool, dark, airy place, water as necessary.

When shoots are green move to a warmer environment. Leaves should appear 6-8 weeks before bulbs flower fully.

After flowering, **place in a light place and water regular** until leaves die. Store bulbs in a cool, dry place until spring and plant in flower beds.

BEDS & BORDERS

Dig a hole 10 to 15 cm (4-6 inches) deep.

Cover the bottom with a layer of compost.

Place bulbs firmly onto compost and fill.

Firm gently and **water thoroughly**.

Ordinary Garden Soil

Miracle-Gro® Premium Peat Free All Purpose Compost

GUARANTEED GROWS PLANTS TWICE AS BIG!*

*Our scientific trials prove that Miracle-Gro Premium Peat Free All Purpose Compost grows plants twice as big as ordinary garden soil.

HOW MUCH COMPOST IS IN THIS BAG?

MEDIUM POTS
22 cm (9")

LARGE POT
25 cm (10")

USEFUL TIPS

- Miracle-Gro® Peat Free Premium Bulb Fibre Compost should be **kept moist** at all times and not allowed to dry out.
- Feeding with **Miracle-Gro® Plant Food** after flowering will ensure bulbs produce beautiful blooms again next year.
- Outdoor pots and containers might need more water in the summer, so always check first with the 'finger test' – pop your finger about 3 cm into the compost. If dry, get watering. If not, wait a bit longer.
- Sometimes you might see some white mould on your compost. **This is not harmful** to your plants and will disappear naturally.
- For all ericaceous (acid-loving) plants we strongly recommend using **Miracle-Gro® Peat Free Premium Azalea, Camellia, Rhododendron Ericaceous Plants Compost**.

CARING FOR PLANTS & THE PLANET

PEAT FREE + TLC = BETTER (PLANTS+ PLANET)

GOING PEAT FREE MEANS:

A few more bits in the bag

A check before you water

A feed when needed

Better for your plants, better for the planet

NOT ALL PEAT FREE COMPOST IS CREATED EQUAL

RESPONSIBLE SOURCING

We are actively working on improving the responsible sourcing profile of our compost mixes year on year. Miracle-Gro® compost contains forest by-products, carefully processed to help you grow plants that improve your environment and make the world a more beautiful place.

With our partners we have **restored more than 3,000 hectares of peatland** in the past 30 years.
