

Miracle-Gro®

PEAT FREE
PREMIUM
Garden Soil

ROOTED IN SCIENCE

WEED FREE

Heat generated during the production process kills both weed seeds and diseases.

SUSTAINABLY SOURCED

Our ingredients are sustainably sourced and contribute to peatland restoration.

RICH IN ORGANIC NUTRIENTS

Using our enriched garden soil in your borders, raised beds and vegetable patches will improve the soil quality and give your plants a boost.

IDEAL FOR LAWN PREPARATION

Using our enriched Garden Soil will give you a great base for sowing a lawn, with nutrients to promote healthy root growth.

HOW TO USE

This unique formulation is a top quality, fine grade peat free garden soil, ideal for:

ALWAYS WEAR GLOVES

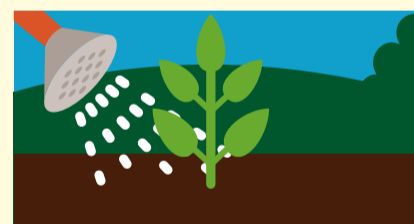

FILLING RAISED BEDS, CREATING NEW BEDS & BORDERS, REFRESHING OLD SOIL IN BEDS & BORDERS

Remove any weeds from the area.

Spread the enriched garden soil evenly over the soil surface to a depth of 5 cm before planting.

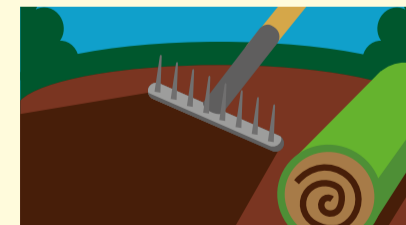

Water thoroughly until plants are established. For hungry plants we recommend that you start feeding after 6 weeks with **Miracle-Gro® Performance Organics™ Granular Plant Food**.

LEVELLING LAWNS

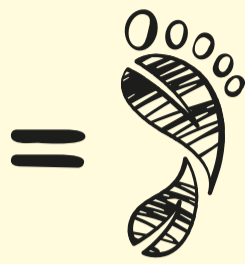

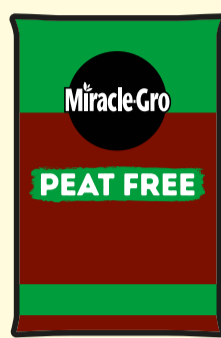

To make an established lawn level, simply fill in any hollows using the enriched garden soil.

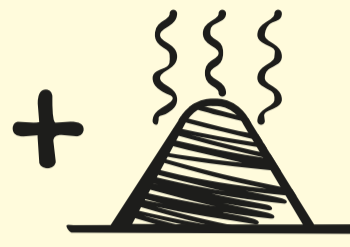

Can also be used as a **soil base before laying turf**. For top dressing, seeding or turfing new lawns we recommend using **Miracle-Gro® Lawn Dressing**.

GARDEN SOIL + TLC = BETTER (PLANTS + LAWNS) + PLANET

Sustainably sourced, minimising carbon footprint

Heat from the natural composting process, kills both weed seeds and diseases

RESPONSIBLE SOURCING

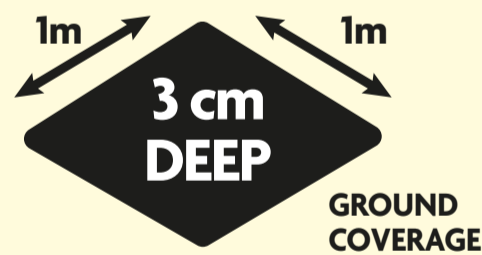

Our Garden Soil is made using a special blend of green compost recycled from your garden waste bin and sand from our site in the UK.

The sand we use comes from areas that are being managed to build new wetland habitats as part of local peatland restoration.

With our partners we have restored more than 3,000 hectares of peatland in the past 30 years and our work continues.

HOW MUCH COMPOST IS IN THIS BAG?

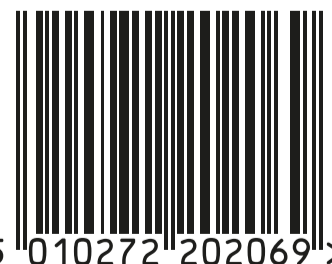

HEALTH, SAFETY & STORAGE ADVICE

- Use in a well ventilated place and avoid breathing in dust.
- Always wear gloves.
- Wash hands after use.
- Open bag carefully and reseal after use.
- Keep the bag closed when in storage to prevent drying out.
- Storage from one year to another may affect performance.
- Store in a cool place, away from direct sunlight.
- Keep away from pesticides.
