

# Weedol®

MAPP: 20863  
PCS No: 07253

**TOUGH WEED CONTROL** **READY TO USE**

- ✓ **TOUGH WEEDKILLER, KILLING PERENNIAL AND BROAD LEAF STUBBORN WEEDS IN THE GARDEN**
- ✓ **KILLS TO THE ROOT**
- ✓ **PREVENTS REGROWTH OF WEEDS**

## INSTRUCTIONS FOR USE

FOR USE ONLY AS A HOME GARDEN LAWN WEEDKILLER.

### WHEN TO USE

Use on leafy weeds April – September, when they are small, are actively growing and the soil is moist • For best results following spraying, do not cut the grass for at least 1 day after treatment • Avoid spraying in drought or frost • To avoid drift, do not spray in windy conditions • **DO NOT USE ON NEW-SOWN LAWNS FOR AT LEAST 6 MONTHS AFTER ESTABLISHMENT** • Re-treatment may be necessary for well established difficult to control weeds • Allow an interval of at least 6 weeks between treatments • **Maximum 2 applications per year.**

### WHERE TO USE

For use on lawns. Kills perennial and broad-leaved weeds including dandelion, plantain, common chickweed, thistle, nettle and bramble. Doesn't kill the lawn. Targets to the root to prevent re-growth. This pack treats up to 150 m<sup>2</sup>.

### HOW TO USE

**SHAKE WELL BEFORE USE.** Wear gloves and enclosed footwear. **Always ensure the container is stored and carried upright when not spraying. Maximum individual dose:** 500 ml product per 25 m<sup>2</sup>. When spraying large areas it is easier to mark out and measure the areas before application. Apply on a calm, dry day when there is no risk of spray drift onto adjacent desirable plants.

1. Cut the plastic tie connecting the sprayer to the bottle with scissors. Remove sprayer and pull out the red connector.

2. Insert the red connector into the top of the cap and click in place. Press and twist the cap anticlockwise to 'ON' position (1/2 of a turn).

3. Turn the sprayer nozzle to 'NARROW' or 'WIDE' and squeeze the trigger a few times to build pressure. Hold the sprayer approx. 20 cm away from target weed and spray weeds evenly to lightly wet leaves, avoiding run-off. For the majority of weeds a single spray is sufficient.

4. After use, press and twist the top of the cap clockwise to the 'OFF' position.

5. Squeeze the sprayer trigger to empty nozzle. Turn nozzle to 'X' (OFF) and replace sprayer in the holder without disconnecting the red connector.

### CAUTION

The first 4 mowings of treated grass must be composted for 6 months before use as a mulch. Scorching of grass can occur if more than one squeeze is applied to a given area. Control may be reduced if rain falls within

### SAFETY INSTRUCTIONS

**Protection during / in use:** Use only in well ventilated areas. Avoid contact with skin and eyes. Wash hands after use.  
**Environmental protection:** Direct spray away from ponds and other water bodies. Do not contaminate water with the product or its container. Do not clean application equipment near surface water.  
**Storage and disposal:** KEEP PRODUCT IN ORIGINAL CONTAINER, tightly closed, in a safe place. DO NOT RE-USE EMPTY CONTAINER. PROTECT FROM FROST. KEEP AWAY FROM FOOD, DRINK AND ANIMAL FEEDING STUFFS. KEEP PRODUCT AWAY FROM CHILDREN AND PETS.
